MacFarland made this statement:

I had all the confidence in the world that sooner or later I would prove to the whole public that I was innocent of the charge against me. My affairs at present are in a rather chaotic state, and I really don't know what to say. Just as soon as I have established a home I will be better able to tell what my future plans will be. I think the verdict of the jury is strictly in accord with the evidence, and I hope the public will accept the jury's version in this case.

The verdict would have been the same in my first trial if I had been afforded the opportunity of going on the stand and telling my story. I was hampered at not being allowed a chance to explain what the prosecutors painted as awful passages in the "Bunny" letters. Mr. Bingham's vigorous engagement with the crowd drew forth questions in increasing numbers, so that when Mr. Brennan took the stand he had a highly interested and active audience on his hands. He plunged right into the job and held their attention with a recital in detail of what the last four years of Republican regime stood for.

"We stand for all men in this county," he said. "We are for Jew and Catholis, as well as men from all nations and of all religions. All we mak for is a chance to carry out the work of legislation we have begun along the lines of constructive statesmanship. If there are evils in the times to be corrected, it is along those lices, and not by revolution."

### PUT BAR ON BRANDEIS Carnegie Institute Refuses to Let Him Lecture There.

[By Telegraph to The Tribune.] Pittsburg, Oct. 18.-Scientific, educational, labor and cierical circles here were shocked to-day when it became known that the lecture hall of the Carnegle Institute had been refused to Louis D. Brandels for his lecture on "Labor and the Trusts," scheduled for Sunday night.

The Open Forum, which is a countrywide organization of prominent men and women, including scientists, educators, economists and clergymen, arranged with the Boston "trust buster" to deliver a lecture here on "Labor and the Trusts."

Not anticipating any trouble in obtaining Carnegie Hail for the meeting, the Open Forum committee were considerably nettled when they were informed that the hall could not be had for Mr. Brandeis's discourse, One of the members of the Brandels

reception committee said to-day: "The end is not yet. Carnegie Hall was built for the people of Pittsburgh without regard to creed or class. We intend to learn why Mr. Brandels has been discriminated against. We will have something to say later on the sub-

NEW HAVEN MAKES CHANGE Won't Run Federal Express Over Old Route.

The New Haven and Pennsylvania railroads gave out the following statement yesterday:

yesterday:

The Boston and Washington passenger trains on the New Haven and Pennsylvaria rallroads, known as the Colonial and Federal expresses, will discontinuation of the passenger trains between Jersey City and the Harlem River. This means the permanent abandonment of the floating of the passenger trains between Jersey City and the Harlem River. These trains will be run either via the Pounkkeenste bridge and Maybrook route or will make a transfer in the City of New York.

The abandonment of the car floats for hauling the heavy passenger trains between the Harlem River and the Jersey shore is due to many hazards beyond the control of the railroad transfer steamers. The water traffic, very heavy, is growing fast. Fogs, which can be counted on with the approach of winter, add to the risk. The construction of the Hell Gate bridge, now under way, will make a new all-rail route.
